Q.1. Read the following passages carefully and answer the questions that follow.

William Shakespeare, Shakespeare also spelled Shakspeare, by name Bard of Avon or Swan of Avon, (baptized April 26, 1564, Stratford-upon-Avon, Warwickshire, England—died April 23, 1616, Stratford-upon-Avon), English poet, dramatist, and actor often called the English national poet and considered by many to be the greatest dramatist of all time. His father was a successful local businessman and his mother was the daughter of a landowner. Shakespeare is widely regarded as the greatest writer in the English language and the world's pre-eminent dramatist. He is often called England's national poet and nicknamed the Bard of Avon. He wrote about 38 plays, 154 sonnets, two long narrative poems, and a few other verses, of which the authorship of some is uncertain. His plays have been translated into every major living language and are performed more often than those of any other playwright. His 17 comedies include The Merchant of Venice and Much Ado About Nothing. Among his 10 history plays are Henry V and 100 Richard III. The most famous among his tragedies are Hamlet, Othello, King Lear and Macbeth. Shakespeare also wrote 4 poems, and a famous collection of Sonnets which was first published in 1609.
